

# FARRAGUT HIGH SCHOOL

## Academies & Pathway Choices

### Freshman Academy

Freshman Academy is the **first step** in the 865 Academies initiative. It aims to create a **close-knit community** for students to **ease the transition** from middle to high school and **prepare them** for advanced classes, industry certifications, and college courses.

Students will be introduced to **local industries**, participate in **college & career fairs**, and complete **career exploration** activities. These experiences combined with the Freshman Seminar assessment help students identify their skills, abilities, and interests and guide the academy and pathway decisions they'll follow through graduation.
