Magnet Academy

Beaumont Fine Arts Program

All students at Beaumont Magnet Academy participate in Fine Arts programming. The core curriculum is enriched with studies in Theatre Education, Instrumental Music, Visual Arts, Dance Education and Physical Education. Students participate in each of these classes weekly as well as additional incorporation of the fine arts in the classroom.

BMA offers various after school opportunities for students to extend their Arts education. Activities include, but are not limited to: Dance Works, Art Club, Theatre Workshop, and Arts Integrated Tutoring.

Beaumont Museum Program

Zoo Knoxville, Blount Mansion, the East Tennessee Historical Society, McClung Museum, Knoxville Museum of Art and The Muse Knoxville have partnered with Beaumont to create a unique learning experience for all students at BMA.

One time per nine weeks, each grade level embarks on a Beaumont Learning Expedition traveling to one of the six area museums. Three times per year, each grade level is visited at BMA by one of the partner museums to engage in a Museum Experience. Museum educators and Beaumont staff teach tailor-made lessons integrating the Knox County English and Language Arts, Science and Social Studies curriculums.

Prior to the interactions, students prepare by acquiring pertinent background knowledge to enhance their lessons. After the expeditions and experiences, students continue their studies in the classroom and create authentic, project-based, works of art. Student work and performances are showcased at three annual Exhibit Nights held at Beaumont Magnet Academy.

Beaumont Honors Program

Beaumont Magnet Academy is the only elementary school in Knox County featuring an Honors Program for kindergarten through fifth grade.

Students fulfilling the academic entrance requirement are placed in fast-paced, accelerated classes in all core subject areas. Students focus on problem-solving and project based learning in a student friendly learning environment.

Requirements for the Honors Program include a nationally recognized achievement test score in the advanced range. If a test score is not current or unavailable upon application completion, an assessment can be administered at Beaumont Magnet Academy. Contact will be made by a Magnet School representative to schedule testing.
